## **QUALITY ASSURANCE**

In today's increasingly competitive and demanding market place, Quality, not only of supplied product, but of service given is a significant business asset that can make you stand out ahead of the rest. Being dynamic in your approach for continual improvement is the key.

What KRAMBA ASSOCIATES LIMITED can offer you....

- BS EN ISO 9001:2000 - Management system implementation and awareness training
- BS EN ISO 9001:2000 - Internal Auditor Training
- General quality control and quality assurance
- Business Process Improvements
- Process and System Auditing
- Total Quality - various tools and techniques
- Support and guidance to your Quality representative

## **ENVIRONMENTAL**

Increasing Environmental issues are hitting every business agenda. More and more Environmental awareness and legislative compliance is adding pressure to business.

What KRAMBA ASSOCIATES LIMITED can offer you....

- Creation of Environmental Policy and Register of Legislation
- BS EN ISO 14001:2004 - Implementation
- BS EN ISO 14001:2004 - Awareness raising
- BS EN ISO 14001:2004 - Auditing
- Support and Guidance for your Environmental representative

## HEALTH & SAFETY

No longer is Health and Safety being regarded as a secondary distraction that is dealt with as and when the needs arise. It is increasingly becoming a daily issue for every business to address. Ever increasing legislation and the enforcing agencies set the standards

Do you want to improve your quality performance?

What KRAMBA ASSOCIATES LIMITED can offer you....

- Management Control and Guidance of Company Health and Safety Systems
- Health and Safety Legislation creation of Register including Health and Safety policies
- Carry out Risk Assessments
- Accident analysis and prevention
- Noise Monitoring
